When Tony Mayes first laid eyes on Laflins Marvel 1801 at the 2021 National Cattleman's Congress in Oklahoma City, he immediately knew this was a bull that belonged at the forefront of his program.

Marvel showed as much muscle shape and power as any bull exhibited. He scanned an actual ribeye over 17 sq inches at a year of age. This, combined with his length of body, overall balance, and eye appeal make him a unique choice for Angus breeders near and far.

His dam is a picture of productivity and style, having produced several show winners and high sellers. She has bred AI every year.

The first calf crop from Marvel shows a birth ratio of 97, WWR 107, YR 106.

The sky is the limit for this marvelous young sire.

Weigh Up 294 is the biggest hipped, stoutest son of Plattemere Weigh Up K360 available. He exhibits tremendous length of body and balance, all while maintaining a calving ease EPD profile. His calves show as much vigor at birth any we have seen.

294 is slick-haired and has excellent feet. He serviced cows naturally here at the ranch in the summer of 2021 as a seven year-old bull.

As of August/2021, his ratios were as follows:

BW 800 hd @ 99 VVWR 682 hd @ 101 YW 330 hd @ 102.

Use this bull as an all-around improver offered in a calving ease package.

Summit is the proven standby performance calving ease bull here at ZWT. He combines two incredibly superior cows, Coleman Donna 714 and SAV Blackcap May 4136.

He was the top-selling bull of the 2017 ZWT Production Sale to Coleman Angus and Lawson Family Farms, and has developed into an outstanding predictable sire.

His true Angus breed character is combined with a bold rib structure and added muscle to represent what an Angus breeding bull should look like. Summit has sired several high selling bulls and females throughout the country.

We have calved out several daughters of Summit at the ranch and the udders look phenomenal!

For an all-around performance, high maternal calving ease sire, look no further.

Bloodline was added to the ZWT herd bull battery through the 2020 SAV Production Sale where he was admired by Angus breeders far and wide. In Kelly Schaaf's own words, "He dominates the turf he walks on."

Bloodline demonstrates incredible size, balance, and body mass to go along with a large scrotal, perfect feet, and a wonderful disposition.

His Pathfinder dam is unmatched for combining performance, power, and production. She is the high-ranking cow for yearling weight, carcass weight, and \$Beef value in the entire SAV cow herd.

Maternal brothers to Bloodline include Ajax, Emblem, and Dewdrop. His maternal sisters are some of the most exciting females at SAV.

The first calves by Bloodline hit the ground in 2021 and look very promising. Be sure to take a long, hard look at this exciting young sire!

Infusion is currently the thickest, heaviest muscled bull on the ranch. Incredible power and presence best describe this up and coming young sire. We thought enough of this bull to purchase possession back from Rust Mountain View Ranch.

He represents a blending of the Elba and Rose cow families and demonstrates the power held in those two lines. His dam is none other than EA Rose 918, a cow that needs no introduction. She is widely regarded as one of the very elite daughters of SAV Final Answer 0035.

The paternal granddam, Siebring Elba 247, may very well be the best daughter of SAV Prosperity 9131 in existence. She is raising the bar at ZWT as a 9 year old production cow.

Infusion is an absolute tank and comes by it naturally from his parentage. The daughters of this bull could really be something special!

Intervention was the top-selling bull in the 2018 ZWT Production Sale going to Reisig Cattle, Buford Ranches, Upchurch Angus, Upchurch Brothers, and Pat Southworth.

He is an attractive outlined bull with a square hip and chiseled front that passes on ‘the look’ to his offspring. He sired the top two performing bulls in the 2019 fall-born calf crop at ZWT.

His dam is the world-renowned Final Answer daughter, EA Rose 918, making him a maternal brother to ZWT Infusion F182.

Intervention saw heavy natural service at ZWT in the summer of 2021 and we are excited about the number of calves we will have in 2022. Reports from several of the partners have been very promising.

Use this bull to sire a very distinct look backed by a tremendous cow family!

Major is known as the 'Muscle Sire' at ZWT Ranch, and for good reason. His offspring have consistently shown more hind quarter shape than their contemporaries.

He is an incredibly sound, free-moving bull with excellent foot and leg structure. He is unmatched as a breeding bull at the ranch, as evidenced by him covering close to 100 females during the 2020 calendar year. A true breeding machine!

The dam of Major is an own daughter of Rose 918, making her a maternal sister to the ZWT herd sires, Infusion and Intervention. She exhibits exceptional phenotype to go with powerful production. She has continued to be a mainstay donor for the Brooking and Rust programs.

Our first daughters of Major are calving this fall and are meeting our expectations. If you want to increase muscle shape in your calf crop, Major is THE bull to use.

Gold Coin is an incredible combination of phenotype, muscle shape, body depth, structural soundness, and breed character. He was Reserve Grand Champion Angus Bull at the 2019 Canadian Western Agribition.

His dam, SAV Emblynette 4223, was a \$47,500 featured pick at Schaff's. She epitomizes what an ideal Angus cow should look like.

Gold Coin is sired by Brooking Bank Note 4040, a popular and heavily used son of EA Rose 918.

We have our first Gold Coin calves born in the fall of 2020 and they are all we could hope for. He transmits above average power to go with outstanding phenotype and performance.

Gold Coin should sire stout, rugged herd bulls and attractive, feminine females. A rare combination indeed!

Mainstay 2059 was our selection from the 2021 Musgrave Angus Sale due to his attractive look and powerful muscle shape. He is very sound structured as well with a great disposition.

He ranks in the top 1% of the breed for weaning weight and top 2% for yearling weight.

He ratioed 112 for weaning and 111 for yearling in a very competitive contemporary group. Combine that with an IMF ratio of 113 and a REA ratio of 114 and you have a very well-rounded individual.

His dam by Aviator has a nursing ratio of 109 on her first two calves.

2059 brings an outcross pedigree to our program without sacrificing look and power. We are excited to see how this impressive individual continues to develop.

Be the first to use this exciting young sire!

Our newest addition to the Herd Bull Battery is ZWT Impressive 9534. He is the leadoff bull in our 2021 Production Sale. Tony Mayes had this to say about Impressive in the fall of 2021, "He is the best combination of power and balance we have ever raised."

Sired by ZWT Intervention 7363, his dam is a powerful, attractive daughter of SAV Iron Mountain 8066 owned jointly with Kyle Conley. She has progeny ratios of BW 1/78 & WW 1/101. The grandam is the foundation F703 cow at 4M Angus that records ratios of BW 10/100 WW 10/104 YW 7/105, and continues to produce sale toppers for them as she turns 15 years old.

Impressive combines the production and longevity of two powerful cow families here at ZWT Ranch which allows us to place the utmost confidence in him as a breeding bull.

As we will have new partners with Impressive on November 11, 2021, at this time we will defer to them regarding semen and certificate price. However, feel free to inquire at any time and be the first to use this exciting young sire.

WE HAVE SEARCHED THE COUNTRY YEAR AFTER YEAR TO COMPILE SOME OF THE MOST SOUGHT AFTER, AND SPECIFIC ANGUS COWS IN THE BREED. THESE DONORS RAISE HERD SIRES.
