Pathfinder, was the high selling bull in the 2016 Buford Ranch Sale. He is a standout son of SAV Resource 1441 that blends his super balanced and real EPDS, with tremendous visual qualities to make him the must-use son of Resource.

His dam is a picture-perfect daughter of Bismarck, and a full sister to Buford Elba 9000 the famous 811Y, they come from the popular SAV Elba cow family and her grandam is the famous Elba 1094. Pathfinder will moderate birth weights, while adding overall muscle mass and dimension, on a slightly bigger frame.

Rebound, a very attractive Renown son, who has earned the respect of the most respected cattlemen with his incredible phenotype, flawless build, and muscle mass and overall design.

He is a very low birth weight, SAV Renown son that does not sacrifice growth, His EPD profile has a whopping spread from CED to YW while ranking high on \$F. that makes him a valuable asset for the real world ranchers. There is definitely maternal value with Rebound, as his donor dam is Buford Elba 811Y who has been a prolific donor in the Buford Program, pumping out many lot 1s in several operations.

His sire, Buford Osage A932, is sired by SAV Resource 1441 and dam by BC Lookout's full sister, 4151, She has produced several Lot 1 bulls and Champion pen of 3 sons at the National Western Stock Show. 4151 was the REAL deal kind of donor cow.

On the dam side, his granddam donor, SAV Elba 9000, has paved her way to greatness by simply producing great ones for many ranches across the USA, no matter the sire, she stamps them every time!

Safe Guard has been used on several heifer AI projects this past year, at some prominent ranches, super excited about his future here at ZWT. Safe Guard will sire the look you are after with calving ease built in!

## *Donors* "The Angus Cow"

She is the greatest beef cow known to man. ZWT Ranch believes that everything great in the beef business, starts with the great cows of the Angus breed. Our philosophy has been to identify and purchase these great Angus cows to build the foundation of our herd. We believe that these girls have passed the test of being not only highly productive females themselves, but are backed by generations of highly productive females. We hope you enjoy looking through these cows as much as we enjoy working with them.
